Risk indicator

Potentially lower return

Potentially higher return

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7 which is a medium risk class. This rates the risk of potential losses from future performance at a medium level. In other words, the potential losses related to the future results of the product are at a medium level and, if the situation deteriorates on the markets, our ability to pay you may be affected. This product does not include any protection from future market performance so you could lose some or all of your investment.

Fees

| Share | Allocation of distributable sums | Date of 1st NAV | Initial minimum investment | Management fees | Management fees + Operating fees** | Maximum subscription fees |
